

## 2014 Annual Report

### Meetings:

The Village of Vicksburg and their Wellhead protection team meet 4 times throughout the past years:

- December 5, 2013
- February 27, 2014
- June 5, 2014
- September 4, 2014

### 2014 Accomplishments:

1. The Village has purchased promotional items: carabiners and post-it-notes for public education with website information.
2. The Village updated the Well Head Protection Team members for the WHP plan.
3. The Village updated the Village's Website to include an environmental section containing articles and various links related to well head protection and storm water.
4. A copy of the Well Head Protection Plan and map has been placed on the Village's web site.
5. At the Sunset Homeowners annual meeting, discussion involved proper septic tank maintenance.
6. A demonstration of the enviro-scape and the groundwater model were presented to the committee. The groundwater was utilized at the 5<sup>th</sup> Grade Science Fair in March.
7. The Village published a Fall newsletter in the South County News (August) and included the following topics:
  - A Citizens Guild to Household Hazardous Waste
8. The WHPP has updated the environmental check-list to be included with all future site plan submittals. The check-list was formally adopted in May by the Planning Commission.

### 2015 Goals:

- Install Wellhead protection signs.
- Have a table with literature for public education at the 2015 Block Party/Art Hop.
- Implement the environmental check-list with all new site plans.
- Public two articles in future issues of the South County News related to WHP/Stormwater topics.
- Have quarterly wellhead meetings.
- Involve the Vicksburg Community Schools in educational efforts.
